

Breast Imaging Faculty Position

The Breast Imaging Division of the Department of Radiology in the College of Medicine and the Winthrop P. Rockefeller Cancer Institute at the University of Arkansas for Medical Sciences (UAMS) in Little Rock, Arkansas is seeking a fellowship trained Breast Imaging faculty member or one with years of Breast Imaging experience. Our Breast Center is recognized as an American College of Radiology (ACR) Breast Imaging Center of Excellence.

Our clinical practice includes Breast Imaging in the UAMS Breast Center and a Mobile Mammography Program. We perform approximately 14,000 mammograms a year. Screening and diagnostic mammography, breast ultrasound, and breast MRI are all offered at our facility. A combination of four to five daily invasive breast procedures are performed including Needle localizations, MRI biopsies, Stereotactic core biopsies, and Ultrasound guided core biopsies. We have state of the art equipment with three Hologic Full Field Digital Mammography Units with Tomosynthesis capability, the Hologic Affirm Prone Stereotactic Biopsy System with Tomosynthesis, two 16 channel Invivo Breast MRI coils used on 1.5 Tesla Magnets, and DynaCAD software for MRI image interpretation and biopsy planning. We interpret our images on large Barco Monitors.

The division affords excellent opportunities for research, deriving especially from our strong collaborative relationships with Breast Surgical Oncology, Medical Oncology, Radiation Oncology, and Pathology. We participate in a weekly interdisciplinary conference with Breast Surgical Oncology, Medical Oncology, Radiation Oncology, Pathology, Genetics, and Behavioral Medicine. Applicants with a Fellowship in Breast Imaging are preferred. The division currently has fellowship trained Breast Imagers and multimodality trained technologists. Forty radiology residents are a part of the Radiology program, and there are numerous opportunities to teach residents at the view-box and the lectern.

UAMS is an Affirmative Action and Equal Opportunity Employer of individuals with disabilities and protected veterans.

UAMS Department of Radiology

4301 West Markham #556

Little Rock, AR 72205

UAMS is the state's only health sciences university, with colleges of Medicine, Nursing, Pharmacy, Health Professions and Public Health; a graduate school; hospital; a main campus in Little Rock; a Northwest Arkansas regional campus in Fayetteville; a statewide network of regional campuses; and seven institutes: the Winthrop P. Rockefeller Cancer Institute, Jackson T. Stephens Spine & Neurosciences Institute, Harvey & Bernice Jones Eye Institute, Psychiatric Research Institute, Donald W. Reynolds Institute on Aging, Translational Research Institute and Institute for Digital Health & Innovation. UAMS includes UAMS Health, a statewide health system that encompasses all of UAMS' clinical enterprise including its hospital, regional clinics and clinics it operates or staffs in cooperation with other providers. UAMS is the only adult Level 1 trauma center in the state. U.S. News & World Report named UAMS Medical Center the state's Best Hospital; ranked its ear, nose and throat program among the top 50 nationwide; and named six areas as high performing — cancer, colon cancer surgery, heart failure, hip replacement, knee replacement and lung cancer surgery. UAMS has 2,727 students, 870 medical residents and five dental residents. It is the state's largest public employer with more than 10,000 employees, including 1,200 physicians who provide care to patients at UAMS, its regional campuses, Arkansas Children's Hospital, the VA Medical Center and Baptist Health.
